Dear Mr. and Mrs. Shaked,

Hi! How are you? I hope all is well. Here is a little sample of my handwriting for you to analyze. I'm sorry it took so long. I have been very busy since I've been back to work. Between teaching and going to school, I don't have much free time. It has been wonderful to be back to work. I really missed my students. I have a sweet group of kids this year. They work hard and are eager to please. I'm very thankful for that. My students from last year are a different story. You never know what the students will be like from year to year. I guess it keeps things interesting. I would appreciate it if you could email me Donna's address at school. Moshe was supposed to get it for me because I have a book to send her. It is a book that he wanted to get for her, but couldn't find it. I picked one up for him, and I want to get it mailed. My address is michellescurry@hotmail.com Thanks so much!! Well, that's all for now. You will have to let me know the results. It was a pleasure to meet both of you. Take care and I hope to see you again.

Sincerely,
Michelle
